I. INTRODUCTION

1. The Prosecution files this motion under Rule 73 of the Rules of Procedure and Evidence (“**Rules**”) to request that the Trial Chamber admit into evidence the documents identified in **Annex A** and provided in **Annex B** of this motion (which documents form part of a collection of documents seized by the Sierra Leone Police (“**SLP**”) from an RUF Office in Kono District in 2001 (“**RUF Documents**”)) pursuant to: (i) Rule 89(C); or, in the alternative, (ii) Rules 89(C) and 92*bis*, should the Chamber find that Rule 92*bis* is also applicable.
2. The Prosecution is mindful of this Chamber’s decision that, where a document is not being tendered through a witness, then the application should be made under Rule 92*bis*.¹ The Prosecution’s motion for leave to appeal that decision is pending.²
3. Notwithstanding the foregoing, in the first instance, the Prosecution maintains that the RUF Documents are admissible under Rule 89(C) alone for three reasons: Rule 89(C) is the general rule governing admission of evidence and has been used to tender documents absent a witness in other proceedings;³ Rule 92*bis* has been amended such that it is now limited to witness statements and transcripts; and Rule 92*bis* as amended and limited does not apply to documents which were not prepared for the purposes of legal proceedings. In the alternative, Rules 89(C) and 92*bis* allow the admission of the documentary evidence discussed herein.

II. APPLICABLE LAW

Admission under Rule 89(C)

4. The Prosecution relies on and incorporates by reference its submissions made under this heading in its recent similar filing, substituting any reference therein to “Documents” with a reference to “RUF Documents”.⁴

Alternative request for relief: Admission under Rules 89(C) and 92bis

5. Assuming, *arguendo*, Rule 92bis is applicable to the admission of the RUF Documents, then the requirements of Rules 89 and 92bis must be satisfied. For evidence to be admitted pursuant to both Rules, the evidence must be relevant, its reliability susceptible of confirmation and its admission not unfairly prejudice the Accused.
6. The Prosecution relies on and incorporates by reference its submissions made under this heading at paragraphs 15 to 17 of the UN Documents Motion, substituting any reference therein to “Documents” with a reference to “RUF Documents”. In this connection, it is to be noted that while the RUF Documents are not public documents, like the TRC Report and documents from the UN, they were not prepared for the purposes of legal proceedings.

III. SUBMISSIONS ON ADMISSIBILITY OF EVIDENCE

7. As required by SCSL jurisprudence,⁵ the Prosecution has made every effort to save the Court from wading through a mountain of material⁶ or a mass of undigested paperwork.⁷ **Annex A** includes a table describing each RUF Document and indicating the relevant portions to be admitted.⁸ **Annex B** contains the actual RUF Documents, generally in their entirety to provide context, with notations in the margins to highlight the relevant passages in respect of which admission is sought. Admission of this evidence is requested under Rule 89(C) or, in the alternative, under Rule 89(C) and Rule 92bis (based on the interpretation of Rule 92bis advanced in paragraphs 15 and 16 of the UN Documents Motion).

⁵ See the Separate Opinion of Justice Robertson to *Prosecutor v. Norman et al.*, SCSL-04-14-AR73, “Fofana – Decision on Appeal Against “Decision on Prosecution’s Motion for Judicial Notice and Admission of Evidence”, 16 May 2005 (“**Fofana Appeals Decision**”) at para. 31: “All relevant material is admissible, but that is not an invitation to the parties to deluge the court [...] The wider admissibility provisions in the SCSL carry a concomitant duty to the parties to narrow the documentary material they seek to introduce and to identify only those passages which are relevant to the case [...]”. See also the direction of this Chamber given in *Prosecutor v. Taylor*, SCSL-03-01-T-369, “Decision on Prosecution’s Motion for Admission of Material Pursuant to Rules 89(C) and 92bis”, 7 December 2007, at p.3.

⁶ See *Prosecutor v. Brima et al.*, SCSL-04-16-T-423, Decision on the Prosecution Motion for Judicial Notice and Admission of Evidence, 25 October 2005, para. 71.

⁷ See Separate Opinion of Justice Robertson to the *Fofana Appeals Decision*, para. 30.

⁸ **Annex A** provides (where applicable) the exhibit number of the document given in the Pre-Trial Conference Materials (see the Exhibit Lists provided as part of the filing *Prosecutor v. Taylor*, SCSL-03-01-PT-218, “Public Rule 73bis Pre-Trial Conference Materials”, 4 April 2007), describes the document, summarises the relevant information, sets out the relevance of the document or section thereof, relates this relevance to the Indictment and states which portion of the document the Prosecution seeks to have admitted into evidence.

Application for Admission under Rule 89(C)

8. The relevance of each RUF Document to the current proceedings and the Second Amended Indictment is identified in **Annex A**. As noted therein, the documents relate to: (i) the chapeau requirements of the crimes charged; (ii) the several forms of liability alleged by the Prosecution in this case; and (iii) the crime base.
9. The material does not impact adversely and unfairly *upon the integrity of the proceedings* nor is it of such a nature that its admission would bring the administration of justice into serious disrepute. As noted in paragraph 1 above, the documents which are the subject of this motion form part of a collection of documents seized by the SLP from an RUF Office in Kono District in 2001. In relation to this fact, should it be required, a declaration of the Chief of the Evidence Unit regarding how the OTP obtained these documents will be the subject of a separate motion. In accordance with the AFRC Judgment,⁹ copies are provided as an accurate reproduction of the original.
10. This Chamber has noted that it “has a discretion under Rule 89(C) to admit any relevant evidence” and “the inability of the Defence to cross-examine such witnesses is a matter that goes to the weight of the evidence, not its admissibility.”¹⁰ In addition, at the ICTY, a report from a member of a commission of experts was admitted despite defence complaints that they were being: “denied the right to cross-examine a paper witness.”¹¹ In the face of such objections, the Chamber did “take entirely the point made by the Defence, that they cannot cross-examine the 400 witnesses on whose statements this evidence will be based.” But found that “in this Tribunal we admit all types of evidence. The hearsay rule does not apply, but the issue of how much weight is given to this evidence is very much a matter for the Tribunal.”¹² Trial Chamber I has also admitted evidence on a similar basis as the “Chamber is composed of professional judges who are certainly capable of not drawing inferences without proper evidentiary basis or foundation and that the matter of weight to

¹⁰ See *Prosecutor v. Taylor*, SCSL-03-01-T-543, “Decision on Defence Application to Exclude the Evidence of Proposed Prosecution Expert Witness Corinne Dufka, or in the alternative, to Limit its Scope And on Urgent Prosecution Request for Decision”, 19 June 2008, para. 25, in relation to Defence objections regarding the admission of witness testimonies collected by Ms Dufka.

¹¹ *Prosecutor v. Kovačević*, IT-97-24, Trial Transcript, 6 July 1998, pp. 74-75 where the Defence elaborated that “We cannot cross-examine a piece of paper, 600 or whatever amount of pages in this record or this tendered exhibit, is nothing more than a paper witness. It's not this witness that is testifying. She has no knowledge of any fact contained in the document.”

¹² *Ibid*, p. 75.

be given to any piece of evidence will be determined at the appropriate time in light of all of the evidence adduced at trial.”¹³ It is, therefore, clear that no undue prejudice to the Accused arises from the fact that a document is produced without calling a witness.¹⁴

Alternative request for relief: Application for Admission under Rules 89(C) and 92bis

11. Assuming, *arguendo*, Rule 92bis is applicable, the Prosecution seeks in the alternative to have the RUF Documents admitted under Rules 89(C) and 92bis.
12. In relation to relevance, the Prosecution refers to paragraph 8 above.
13. As regards susceptibility of confirmation, the Prosecution is not required to prove that the evidence is in fact reliable at this stage, only that the reliability of the evidence is susceptible of confirmation.¹⁵ However, notwithstanding this fact and as advised above, evidence to be included in a separate filing is intended to assist the Chamber in establishing the origin and custody of the RUF Documents.
14. In relation to “undue prejudice to the Accused”, the Prosecution refers to paragraphs 9–10 and 13 above.
15. Assuming further, *arguendo*, that the qualification regarding evidence going to proof of the acts and conduct of the accused is still applicable to documents not prepared for the purposes of legal proceedings notwithstanding the May 2007 amendments, the documents which the Prosecution seeks to admit do not go to proof of the acts and conduct of the Accused as that term is defined and limited by the jurisprudence.
16. As regards issues of proximity, while the RUF Documents do concern the acts and conduct of those who might be considered the Accused’s immediately proximate subordinates, the Prosecution relies on its arguments incorporated above at paragraphs 4 and 6. Further, the RUF Documents are not being presented to a lay jury, and so will not “impact adversely and unfairly upon the integrity of the proceedings.” Rather, it is in the interests of justice that this relevant evidence is brought before the Chamber, and that the Chamber be allowed to assess the appropriate weight to be given to it at the conclusion of the case.

¹³ *Sesay* 89(C) Decision, p. 4.

¹⁴ See Judge Richard May and Marieke Wierda, *International Criminal Evidence* (Transnational Publishers, Inc., New York: 2002), para. 7.97 which notes that the “procedure [of producing documents without calling a witness] has the advantage of expediting the trial without being detrimental to fairness.”

¹⁵ *Fofana* Appeals Decision, para. 27.

IV. CONCLUSION

17. The Prosecution requests that the Trial Chamber admit into evidence the identified portions of the RUF Documents listed in **Annex A** and provided in **Annex B** pursuant to: (i) Rule 89(C) as this rule alone has been used at the SCSL to tender documents absent a witness and Rule 92*bis* has been amended such that it is now limited to witness material and does not apply to documents not prepared for legal proceedings; or, in the alternative, (ii) Rules 89(C) and 92*bis*, as Rule 92*bis* is interpreted in paragraphs 15-16 of the UN Documents Motion.

1. Prayers - Muslim and Christian
2. Mutual understanding amongst officers
3. Responsibilities of Officers
4. General security within(AOR)
5. Punctuality
6. Excessive use of vehicles and motor bikes by unauthorised Holders
7. General Muster(Morning Parade)
8. Closing Prayers

The Forum fully commenced later in the afternoon after thorough advice by the BFC to strike common understanding amongst us - disregarding association with either SLA or RUF.

Lt. Col. Augustine Gbao, addressing the floor advised also to desist from identifying oneself with either SLA or RUF, rather, he expressed that we carry one identity as brothers. He cited peoples Army' as General Name for both Forces. It is about time' he said, to come together and fight back for our Liberation.

Moreover, he identified consultation, co-operation and co-ordination as basis of methodology required to gain progress.

However, to create atmosphere of better understanding, he suggested every Friday to be holding Forums to iron out and to maintain balance in the operation, Lt. Col. Titus, deliberating on mutual understanding emphasised to deassociate from the practice of identifying with a particular Force(SLA/RUF). He contended that we constitute same Force with same ideology fighting for same Goal. He strongly advised officers against inciters who might want to upset operations by their sabotage methodologies.

Talking about responsibilities of officers, Lt. Col. Titus disclosed too many floating officers within the township. He requested for knowledge on the actual strength of officers and personnels in Makeni Township.

thus issue it that any soldier or officers moving along the street without document of assignment endorsed by recognise authority should be arrested. There should be no floating officers, he emphasised strongly. He therefore, alerted the H/Q Commander, M.P. Commander, 2nd Bde Adjutant to effect full operation along that line; properly screening every Personnel.

Additionally, Lt. Col. Augustine Gbao observed Task Force non functional regarding security on the ground. Lt. Col. Titus, thus suggested Lt. Col. Abu - Task Force Lt. Col. Augustine Gbao advised very strongly all zonal Commanders to implore efficiency in their discharge of duties. He identified, unnecessary firing, harrassment etc as their main security concern in their areas of control. He warned that any problem arising from any zone shall be settled through the reprimand of the particular zonal Commander. Moreover, addressing security advised against self designed patrol, or personal patrols. He suggest centralised system by which everyone would involved under properly structured command. He advised any officer sending men out on mission to give them authentic document.

Furthermore, to foster co-ordination for better operation, general muster was suggested every morning at the Administrative H/Quarters.

Reminding the floor on security, the deputy overall M.P. Commander suggested every officer to have balanced security to discourage association with a particular force and create the basis of foundation on which we shall build reliable confidence in our interaction and determination to succeed.

In the cause of deliberation, report were put to the board by Lt. Col. K.S. Banya and Major Bakarr against Doctor Jinnah for not attending to them for quite sometime, now. Immediately, Doctor Jinnah was called to account. In his response, he inform about the Devolution and deconcentration of wounded soldiers making the job difficult. Unanimously the board suggest to centralised them but advised to contact authorities with whom wounded soldiers live.

The Admin-Co-ordinator, advising on security suggest to deploy 5 to 6 miles of the township particularly on the routes leading to the enemies, behine TEKO BARRACKS and MAGBURAKA were the main areas identified for such deployment.

- 3 -

On the area of punctuality, Admin-Co-ordinator disclosed negligence on the part of officers. He warned against late coming, making it very clear problems created on account of that.

Buttressing deliberation on attendance, Lt. Col. Augustine Gbao suggested 8:30am as time for all officers to be in for prayers and other necessary settlements. Additionally, the Admin-Co-ordinator warned strongly against failure to meet required time.

The Admin-Co-ordinator, addressing excessive use of vehicles informed the board about previous instruction issued by the High Command denouncing use of vehicles by officers without legal assignment. He ordered all such vehicles parked under command of logistic Commander calling it authoritative command subject to no debate.

Under AOB the deputy overall M.P. Commander informed to have lost certain Government properties during raid at his resident. According to him, he lost 2 Gem Stones and some gold dust.

Lt. Col. Augustine Gbao suggest to have Board of enquiry to be handling matters and taking decision on them. Now that problem seem imminent amongst us.

As parts of the many settlements we are to do, we resolved to meet Brigadier Mani at 6PM same day. He ended up with prayers, with everyone confident of Major break through.

From: The Public Relations Office.

Subject: I N F O R M A T I O N :
Date: 20th February, 1979.

The leadership, The High Command, The War Council, have observed that certain military commanders are not obeying orders given by the High Command. The movement sees this act as a gross violation of the guiding policies of the movement. The movement believes that officers and combatants have been trained ideologically and also according to military ethics. The movement wants every officers and combatants to know that all the fighting forces which is pursuing the People's War are under a centralized command structure, and these structures have to be maintained. Violation of orders from the High Command is regarded as a counter revolutionary act. And as such all soldiers are to receive and obey command from the Highest Command of the movement. As all soldiers belongs to the movement, not to any commander.

We should all know that we have a centralized command which is the Headquarter of the High Command. All instructions and orders to all commanders is from that command. If you are called by that command, that call should be immediately obeyed. Failure to respond to this call, the movement sees it as a challenge to authority which is against the guiding policy of the movement.

Any soldier that takes command from any commander who has already violated orders to report to the Headquarter from the highest command has also violated orders and both will be dealt with according to uniform code of military justice.

All officers and combatants should have, by this time learnt from past experienced eg. (P.Y.J.) of those that had disobeyed the High Command orders in revolutionary movements and the results of those disobediences.

22274

00025535

We have a duty to ensure that power, arms and wealth of this nation is safely restored in the hands of our people. This can only be achieved through unity, sincerity, honesty and dedication of everyone of us in the movement. We must obey all orders in our action, we must be willing to share love among one another. It is obvious that the practical show of love for our fellows would help to strenghten the unite which is growing among us as a necessary recipe for progress within our movement.

However, we should be even more determined to pursue military success as the task of liberating the land and it's people in our hands. No matter what happens and what ever forces that may be employed against us, we must be ready to fight until our mission is accomplished.

The Leader of the movement left a command structure and the high command to maintain the revolution until he returns. Likewise, this was later buttress by Lt - Col Johnny Paul Koroma to appoint Major - General Sam Beckarie to spare head the entire military operation as substantive Chief of Defence Staff for both the RUF/SL and the SLA now the People's Army. You are therefore encouraged to pursue the war with undiminished in tensity until our leader is released and returned to us.

Our achievement should be accompanied by that drive to chase the mercenary allies out of our homeland and the restoration of genuine and sustainable peace, to our motherland.

May God Bless Us All.

7. At 12:35 p.m., the Leader arrived on the Field with the delegates, after addressing the Soldiers at the Town Hall Grounds. There was an applause of jubilation from the crowd. They entered the pavilion and took their various seats. After the brief speeches and introduction of some personalities in Makeni the chair was turned over to the Leader and Chairman, Cpl. The Leader took the Microphone whereby He introduced (4) journalist amongst them were Chris Johnson and Kelvin Lewis. He further emphasised that the war is finished and that Peace has come to our beloved land Sierra Leone. He said there will be no more war, and the RUF is not prepared to wage any other war, his mission in Makeni and Tonkolili is to explain the Togo-Lome Peace Accord which the RUF/AFRC and President Tejan Kabba have signed.

10. He further appologised to all for the atrocities which the Kamajors, RUF/AFRC have committed against the innocent people and the violation of human rights and pleaded for forgiveness and to turn to a new chapter in the history of Sierra Leone in which peace and reconciliation will move this Country ahead.

11. He further lamented on the developments of this Country and blamed those who have conspired with Politicians to deteriorate the Country to where it is.

12. He also ^{denounced} the principles of Nepotism that ^{had} been practiced by other Leaders of this Country, and further said that his visit is a clear indication for Peace and confidence building. He said the struggle was a national issue, to liberate and eradicate corruption in this Country which caused people unable to feed themselves and to manipulate all Sierra Leoneans from this civilised slavery.

13. He also said that the Revolution which he launched in 1991 forced the A.P.C. Government to re-introduce the Multi Party system, and told all combatants to transform into a political wing and must be ready to hand over weapons to ECOMOG and U.N. Disarmament team at anytime he instructs us to do so. He also blamed the educated people of this Country, the ~~cracked~~ politicians and their allies from the time of Independence. He also said that taking the Arms from us does'nt mean that our mouths are kept shut and ^{as} ~~said~~ this is the time we are to get in full fledge with politics, which he refers to us ^{as} the real battle.

5. He further went to say that the RUF still stands to be the name for our new party and that its symbol should be a Lions' head with green colours and he will ever tolerate any Commander for any ^{future} attack in this Country. He added and I noted "We are to respect the customs and traditions as a basis of the Revolution." He also said that he instructed Brigadier ^{Gen.} Issa .H. Sesay to come in Makeni on October, 15th. He said complains of looting harrassment and other violations of human rights have been going on from certain members within the SLA. This motivated ^{Gen.} to instruct Brigadier ^{Gen.} Issa to come and put situations under control within Makeni and the North as a whole.

Moreover, the ECOMOG Commander Gen. G.A. Kpamber said the war is over. He said in the past years Sierra Leone was in 'Bush shaking' but now no more bush shaking. ECOMOG and RUF/AFRC combatants are no longer enemies but friendly brothers developing Sierra Leone. He advised combatants to lay down arms to reconstruct the Country. He further said that it is high time for Government to reopen schools, hospitals, to rehabilitate electricity water supply and agriculture. In this areas he said Unomail, ECOMOG ^{are} ready to help when peace is guranteed in Sierra Leone. He also advised the combatants to ~~work~~ hand in hand with ECOMOG for peace in Sierra Leone and commented that they too are eager to go back home and see their families.

17. Moreover, the Unosil Commander Gen. Josie centralised his speech on disament and reconciliation. The UN he said are ready to help this Country back to its normal roots but all depends on us, and to embrace the peace accord which Teyan Kabba, Chairman Foday Sankoh and the people of Sierra Leone have signed in Togo-Lome on July 7th 1999. He said the D.D.R. Programme will be Implemented according to the Lome Peace Accord. He congratulated the great solidarity for Peace which the people of Makeni has shown.
18. Moreover, the G-5 Personnel Mr. Benjamin Kargbo noted that the visit of Cpl. Foday Sankoh in Makeni has been celebrated on (4) occasions. The people of Makeni he said, has celebrated the molestation harrassment and Intimidation and persisted to live in harmony with his combatants. The people of Makeni were greatly hopeful that the DDR Programme would be successfully Implemented in the North?
19. The people of Makeni, he said had suffered the greatest degradation for the fact that they had all been branded as rebels and rebel collaborators. He thanked Pa. Sankoh for sending Brigadier ^{Gen} Issa Sesay in Makeni who has done all his best to maintain security in the Township.
20. Mr Kargbo pleaded on behalf of the G-5 Central Command in Makeni to necessitate the retrival of properties belonging to Missionaries that are still in the hands of Combatants.
21. Talking on behalf of the combatants, the Battle Field Commanders (B.F.C.) Brigadier Issa Sesay confirmed their loyalty to Chairman Sankoh and their commitment to the Lome Peace Accord signed by the Leader and Chairman and the Tejan Kabba Government. He commented that they are ready to work with the ECOMOG brothers to bring lasting peace in Sierra Leone. He however urged the authorities not to rush with the DDR Programme before the Welfare of the Combatants. He expressed on the absence of the former AFRC Chairman Lt. Col. Johnny Paul Koroma from Pa Sankoh's team, and he was expected to talk to the SLA Brothers who are numerous amongst the RUF Combatants here.
22. He also appealed to ECOMOG, Unosil and the Government to address the problems of the combatants and their families. A spokesman for the S.L.A. combatants Cpt. E.T. Amara disclosed that there are over two thousand S.L.A. Soldiers among the RUF Combatants. They were all moving in harmony, and there was ^{mutual} understanding and respect for each other. He further said that they are unhappy about the absence of their Leader Lt. Col. J.P. Koroma " Papay Sankoh and Jhonny Paul Koroma are the same. They are working together, and anything said by Cpl. Foday Sankoh will be accepted by all SLA Soldiers in Makeni and the North as a whole".
23. The vote of thanks was delivered by the G-5 District Chairman Mr. Denis Kamara praised the Commanding Officer of the G-5 Lt. Col. Hindolo Koroma, whom he describe as the strong pillar behind the success of the visit of the Leader and Chairman Foday Saybana Sankoh in Makeni. The meeting ended with prayers in Muslim and Christian ways, and everybody returned to their various homes.

24. On Thursday, the 18th November, 1989 and at 1:00 p.m., the Leader, Cpl. Foday Saybana Sankoh departed from the lodge, walked through the heart of the town and arrived at the Wusum Field, where he made additional and farewell address to the people of Makeni. The entire populace of Makeni pledged to the Leaders that their security mentained by the RUF is fully guaranteed and that they dont' need ECOMOG Force here. The Leader made this appeal to the ECOMOG High Command and International Community here and added that minus ECOMOG's presence, in Makeni the RUF is committed to the disarmament process. The Leader at the end of his speach, handed over the Guinean ECOMOG, the one 40 barrel missile Guns that was disarmed from them by the RUF around the Kambia axis to prove to the ECOMOG contingent and United Nation representatives that we are ready to be disarmed at anytime. The Leader introduced former Head of State, Joseph Saidu Momoh to the people of Makeni and casted a lot of blame on him for his stubbornness in prolonging the war.

25. At the end of the whole exercise the Leader was air lifted in an helicopter together with the former President, Joseph Saidu Momoh to Freetown. They were followed by all the ECOMOG Forces back to Freetown.

COMMUNICATION INTRODUCTION

Communication is the means of transmitting or imparting information or act of exchange of opinion with individual or group. ☉

It is therefore the main factor for the progress and smooth exchange of every organisation and its free flow is necessary for all mission since our orders from above should always be efficiently and most diligently handled down to the last level. ☉

Communication is therefore regarded as the life blood of the military. ☉

Ordinary Communication is one of the form of Communication during which care should be taken in narrating a story correctly otherwise it must be destroyed. ☉

— VOICE PROCEDURE —

It is a set of rules designed to provide security, Accuracy and discipline. It can be remembered by the words S.A.I. ☉ it is necessary to learn this procedure because what we say on radio set can

be heard by the enemy, and even the best radio communication may suffer from interference which can result to misunderstood message.

With most radio system if two people send or transmit at the same time, the result is CHAOS.

- SECURITY COMMUNICATION -

Security is the form of protection designed to deny information of any nature to all unauthorized person.

- ACCURACY -

Voice message must be sent in a way that will make them easy to understand unless attention is given to the manner of speech and the position of microphone transmission will be very unsatisfactory and time will be wasted in calling for reception when transmitting. Hold the microphone closer to the mouth and speak clear.

00025611

00025812

So that you will be more understood ☺
 Below are the factors which make our speeches more easy and understood.

A. RHYTHM: Keep a natural voice, divide msg. in a sensible phrases to allow the receiver to write the msg. down ☺

- B. SLIGHTLY: Slower than the normal conversation remembering the receiver to trying to write it down ☺.

C VOLUME: As for normal conversation shout as this will cause over modulation sounding as exhaust your voice ☺.

PITCH: the voice should be pitched higher than usual but discomfort should be avoided ☺ It must be also remembered that higher pitch voice is clear than lower pitch voice ☺.

◊ PRO - WORDS -

These are easy pronounceable words or phrase which are use to convey and exact meaning from ^{user} ~~user~~ to another ☺ their use

00025813

enables one word or phrase to be
